

## SPECIFICATIONS:

Model: PNP30W Solar Panel (33W with 25% efficiency)

Material: Matte ETFE, EVA, Carbon fibre material

### POWER PROFILE

Output Port 1: DC5521 - 19.42V/1.71<sup>a</sup>

Output Port 2: USB A - QC3.0 - 5V/2A & 9V/2A & 12V/1.5<sup>a</sup>

Output Port 3: USB-C PD20W - 5V/3A & 9V/2.22A & 12V/1.67A

### CONTROL PANEL

Fitted with silicon cover protecting against waterproof and dustproof.

Accessories: 2M 18 AWG cable & 10-in-1 connectors

### DIMENSIONS

Foldable Size: 188×188×0.5mm

Extended Size: 585×383×0.3mm

Net Weight: 570 grams

## FEATURES & FUNCTION

- Charge portable power station
- Laptops Tablets, Smartphones, GPS units & portable CE devices.
- Power bank, 12V batteries and GPS units
- Ideal portable solar charger for disaster response, adventure, travel & camping.

## BENEFITS

- 40% power increase in 30 minutes to iPhone Pro series. USB-C PD output activates iPhone charging.
- 50% lighter than competitive products, with military-grade durability
- Compact folded design delivering high charging capability
- Innovative IBC technology, with full black appearance, providing better performance in weak or low-light conditions.
